

User Flow:

Register with our product.

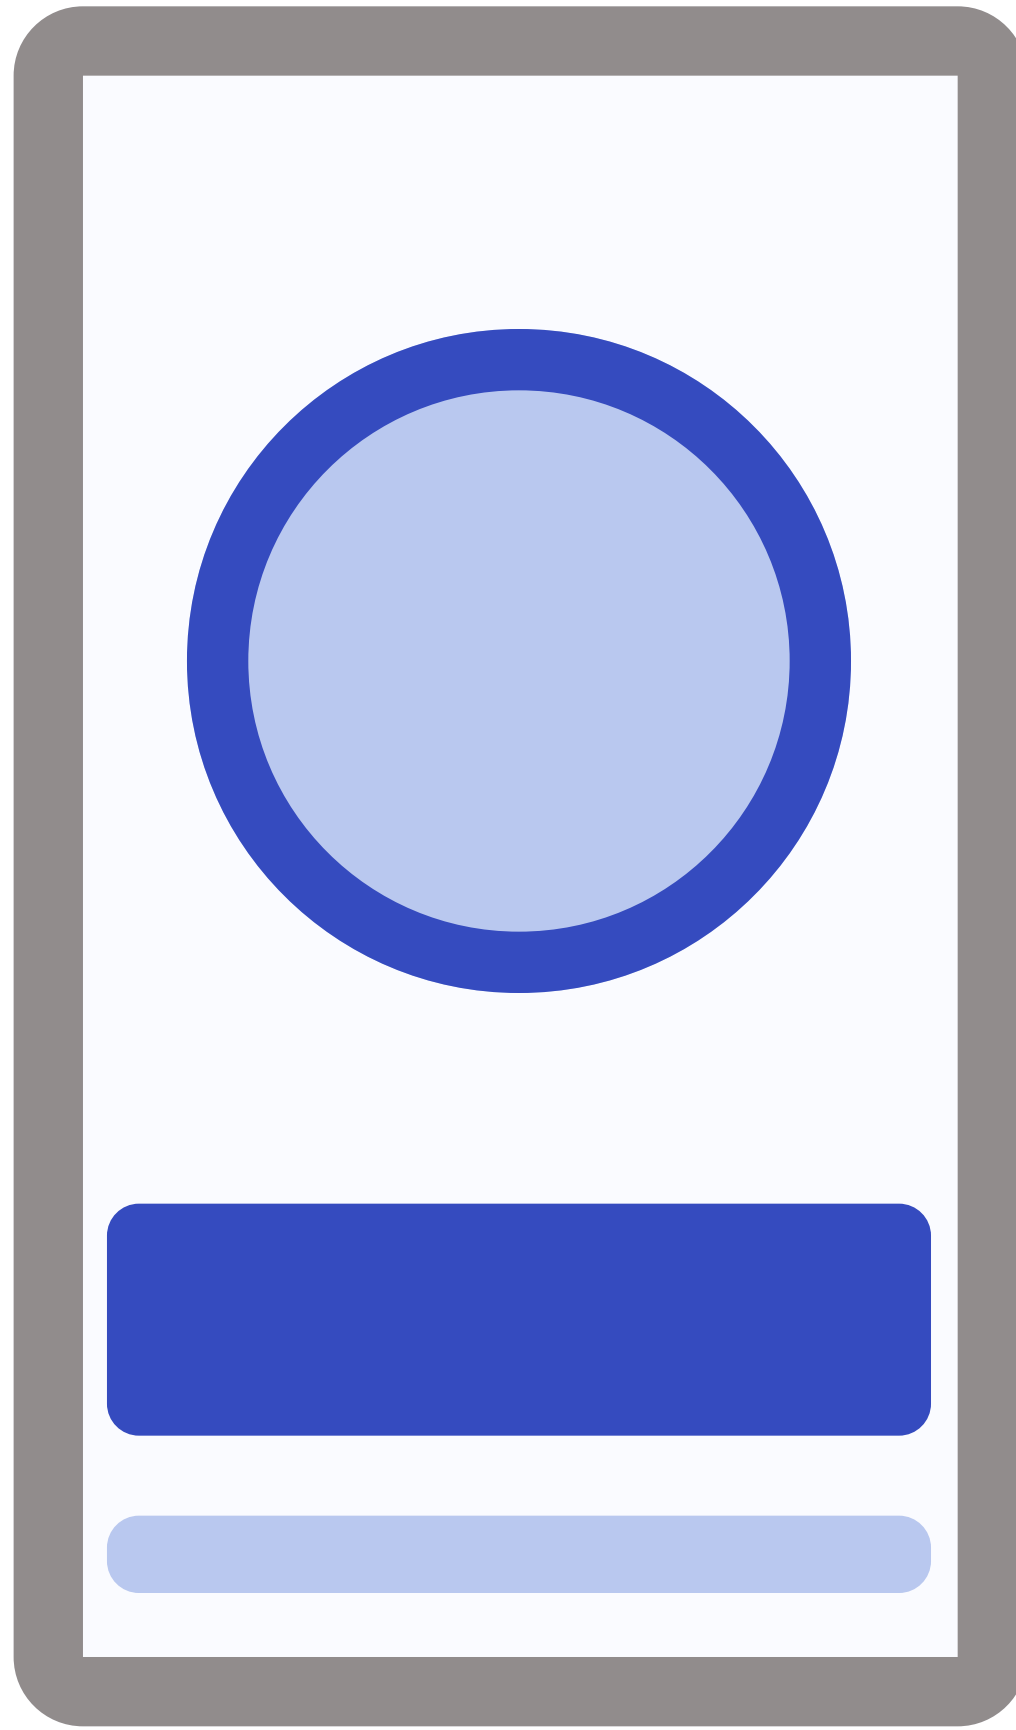

Step 1:
User arrives at our welcome screen and notices a button to proceed forward for registration.

The user is also able to skip this step and go straight to our home page.

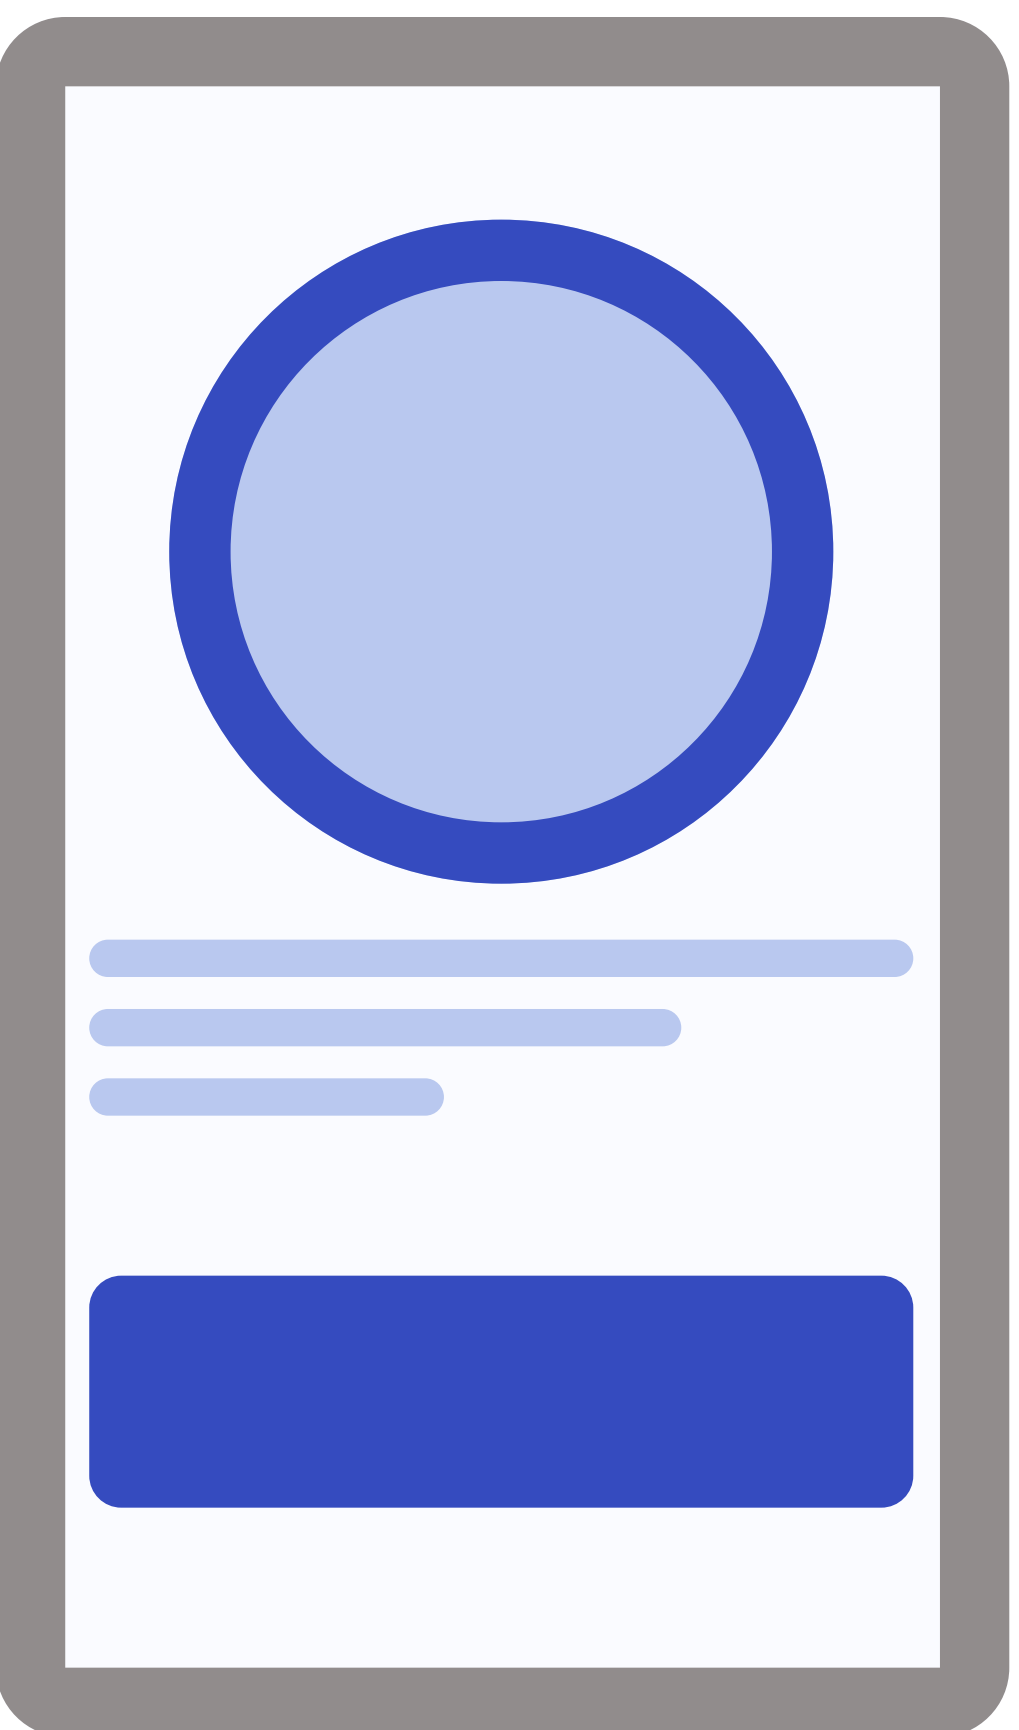

Step 2:
The user is prompted to add their email and password. They can confirm those details and proceed.

Step 3:
The user can add a photo or skip that step and move forward.

Step 4:
The user can now pick interests and hobbies to personalize their shopping experience.

Step 5:
Success! The user has registered for the Habitual product and can now access all of our features.
